

ABSTRACT

This study aims to determine the role of security forces in applying the values of student discipline in Madrasah Aliyah Negeri (MAN) 1 Bandung. Informants in this study were security guards and additional informants head or deputy headmaster, teachers and students of MAN 1 Bandung. The research method used is. The research method used is qualitative descriptive study approach with data collection techniques through interviews, observation and documentation studies to determine the final results using data analysis techniques, namely data reduction, data presentation, conclusion drawing.

The results showed that the role of security guards in schools not only maintain security and order, but also contribute and play a role in applying the values of student discipline with the school. This is proven by the inclusion of security guards in the school organizational structure under the auspices of the disciplinary and student committee. Even though the implementation encountered obstacles, but the Security Guard and the school always made an effort to deal with these obstacles.
